

WE'LL HELP CONTROL YOUR CHARGING

Charge your new Electric Vehicle from the palm of your hand **FOR FREE!**

As part of our efforts to accelerate clean transportation alternatives in Massachusetts, while effectively managing our distribution system, **Wakefield Municipal Gas & Light Department** is partnering with our energy efficiency program manager, **MMWEC** to provide free of charge, for a limited time, Wi-Fi-equipped Level 2 residential electric vehicle chargers to customers signing up for our **Scheduled Charging Program**.

What is a Scheduled Charging Program?

Scheduled charging is a set schedule to determine when you can and cannot use your charger at full power. Through the Wi-Fi connection enabled in your charger, WMGLD can set the charger to charge at a Level 1 rate (1.25KW) during periods of peak energy usage for the rest of our distribution system.

How it Works:

Between the hours of 5:00 p.m. and 9:00 p.m. on non-holiday weekdays, your charger will function the same as a standard Level 1, plug-in wall charger. Outside of this time period, the charger will automatically unlock to allow you full Level 2 fast-charging functionality.

Emergency Scheduling;

Sometimes major events happen on the electrical system that are outside of our control. To respond to these events, emergency scheduling allows WMGLD to temporarily access your charger via a Wi-Fi connection to lower your charging rate until the event passes. This limits strain on our system and allows us to continue to deliver low-cost, reliable electricity.

Did You Know?

- Costs for peak charging events are spread across **WMGLD's** entire residential customer base.
- Modern electric vehicles utilizing Level 2 charging can go from empty to full-charge in eight hours or less. Even with a slow charge rate before 9:00 p.m., your car will be fully charged at 5 a.m.
- WMGLD's Scheduled Charging Program provides you with a **Free** Chargepoint Wi-Fi equipped Level 2 charger (a \$650 value). The customer must arrange installation. WMGLD will verify installation.

For more details on this program, or to learn how to get your Free Level 2 Wi-Fi equipped home vehicle charger, please **contact WMGLD at 781-246-6363 or visit www.wmgld.com**.
