

Wakefield Municipal Gas & Light Department wants to save the environment ... AND YOU CAN HELP!

You can help save paper by signing up for the Paperless Billing option. You'll receive an email rather than a traditional paper bill when your bill is ready to be viewed on line.

You can help save energy when you use the 2 free LED* lights you receive when you sign up for Paperless Billing. *And, as an added bonus, you'll get a free power strip when you sign up for our autopay option!*

Help Save the Environment... Save Paper... Save Energy... Save Time!

Sign up at www.wmgld.com by following the Manage my Account link

**These 7.5 watt LED bulbs are the equivalent of a 60-watt bulb.*
