

# Wakefield Gas – Major Projects 2021

Updated 4/8/21

## 1. Cedar Street/Emerson Street Project

Work Schedule: March-April, October-December

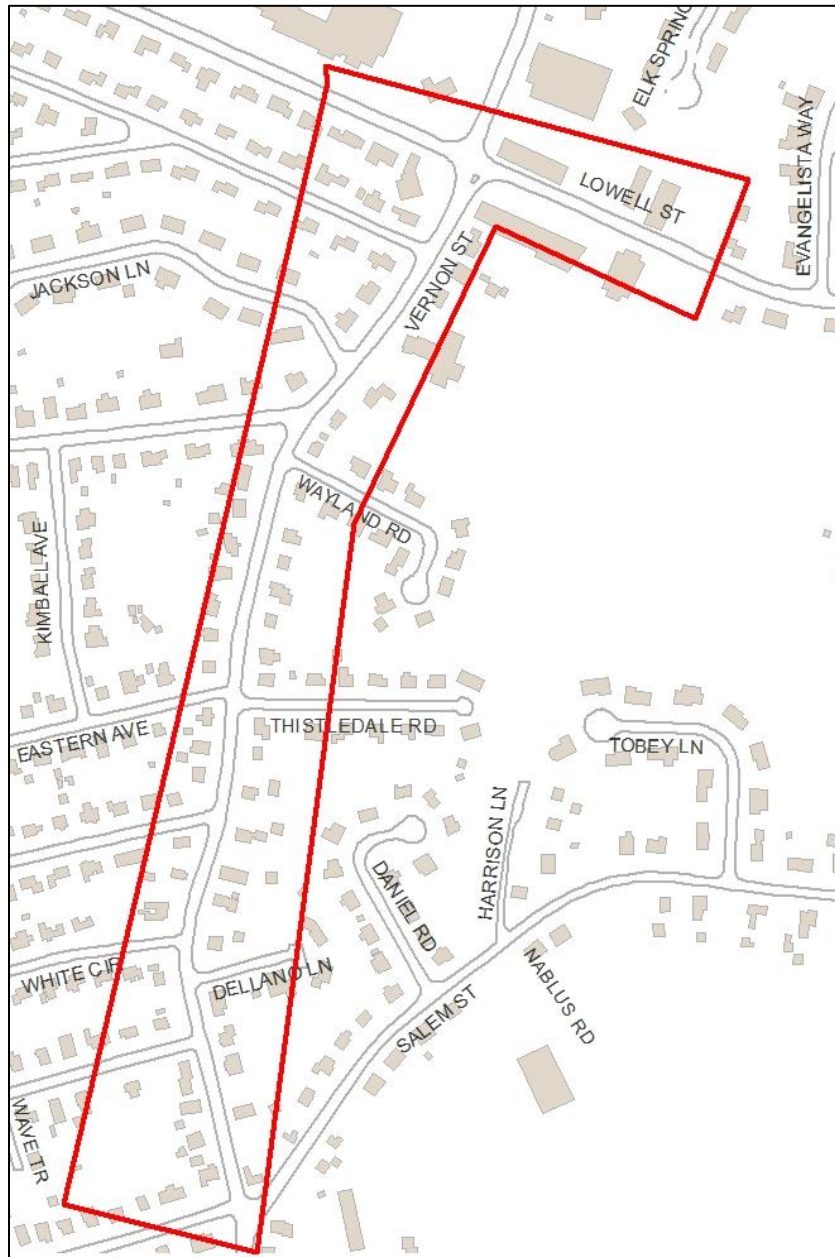

Description: Contractors working on behalf of WMGLD will be installing new mains on Cedar Street, Emerson Street, Auburn Street and Cedar Court during the March-April 2021 timeframe. Later in the year, WMGLD crews will return for service work. The estimated timeframe for the service work is October-December. This project is motivated by the need to update infrastructure throughout the town in order to ensure safe, reliable service to our community.

## 2. Vernon Street Project

Work Schedule: March-April, October-December

Description: Contractors working on behalf of WMGLD will be installing new mains on Vernon Street from 192 Vernon Street to Lowell Street and continuing eastward on Lowell Street to 410 Lowell Street during the March-April 2021 timeframe. Later in the year, WMGLD crews will return for service work. The estimated timeframe for the service work is October-December. This project is motivated by the need to update infrastructure throughout the town in order to ensure safe, reliable service to our community.

### 3. Lowell Street Regulator Station Replacement

Work Schedule: July-September

Description: In following industry best practices, WMGLD will be upgrading its district regulator station near the intersection of Coolidge Park and Lowell Street. The work for this project will be localized on Lowell Street from 516 Lowell Street to Montrose School Lane and will take place over the summer of 2021 from July through September.
