

## Wakefield Gas – Major Projects 2021

Updated 2/14/22

### 1. Cedar Street/Emerson Street Project

Work Schedule: May-August

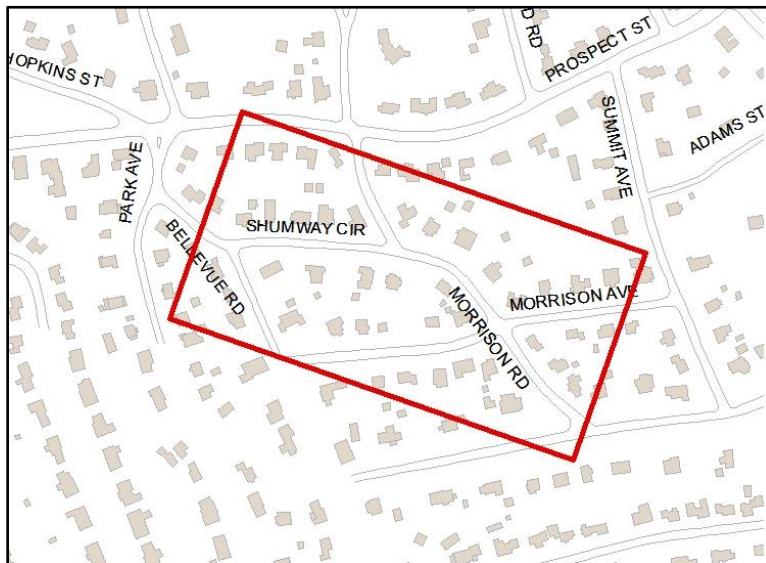

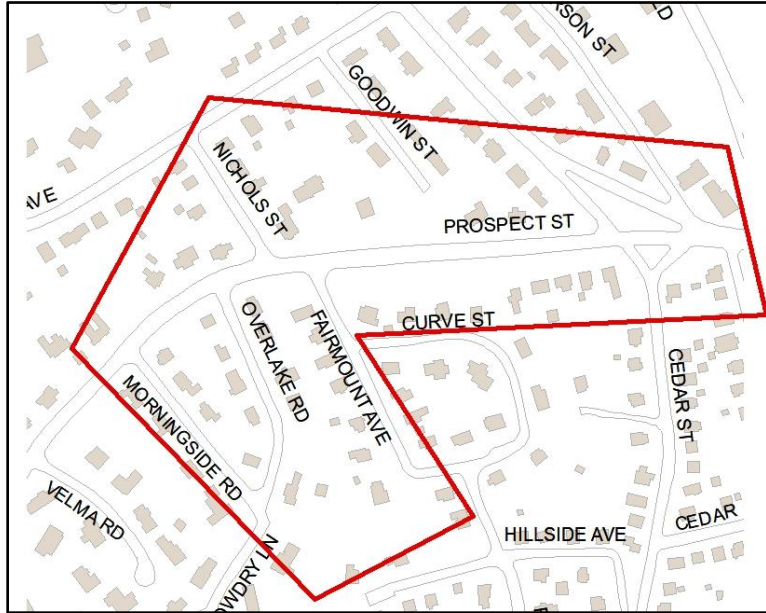

Description: Contractors working on behalf of WMGLD installed new mains on Cedar Street, Emerson Street, Auburn Street, Cedar Court, Walnut Street and Karl Road during Spring 2021. WMGLD crews will return for service work in late Spring/early Summer 2022. The estimated timeframe for the service work is May-August. This project is motivated by the need to update infrastructure throughout the town in order to ensure safe, reliable service to our community.

## 2. Prospect Street Project

Work Schedule: March-April, October-December

Description: Contractors working on behalf of WMGLD will be installing new mains on Prospect Street, Morningside Road, Nichols Street, Overlake Road, Shumway Circle, and Morrison Road during the March-April 2022 timeframe. Later in the year, WMGLD crews will return for service work. The estimated timeframe for the service work is October-December. This project is motivated by the need to update infrastructure throughout the town in order to ensure safe, reliable service to our community.

### 3. Farm Street Regulator Station Replacement

Work Schedule: April-June

Description: In following industry best practices, WMGLD will be upgrading its district regulator station near the intersection of Water Street and Farm Street. The work for this project will be localized on Water Street from Farm Street to Montrose Avenue and will take place in Spring of 2022 from April through June.
